

# WELCOME TO THE ATELIER

AKNAS is a designer, manufacturer and brand of exotic leathers (Stingray, Crocodile, Python, Ostrich).

We are proud to introduce in this following catalogue our "Atelier AKNAS" exclusive collection.

# "Atelier AKNAS" exclusive collection FASHION ACCESSORIES.

## MEN WALLET

Like all Atelier AKNAS products, Men's Wallets are made of our signature Galuchat (deep-dyed stingray leather).

Available Galuchat Finish Colors (shiny), all exclusive and developed internally by AKNAS.

The unparalleled quality of the AKNAS galuchat makes this very strong wallet surprisingly light and supple.

The interior of the wallet is made of the highest quality and sewn to perfection goat leather. As strong as it is soft to the touch, it is a perfect pairing for Galuchat.

# WHO ARE WE?

AKNAS is a designer, manufacturer and retailer of high-end exotic leathers accessories. Founded in June 2001, AKNAS has always been a holistic manufacturer.

Our master-craftsmen are trained in-house in the art of using our very unique variety of leathers, so AKNAS has been able to offer a very stable quality output, year after year.

Since its inception, AKNAS has designed, co-designed and produced items for some of the best leather goods accessories and product design companies in the world and earned a reputation for manufacture excellence.

We are known to always seek and develop partnerships based on one simple idea: Quality.

## TRADE & SERVICES

**OEM**-Developing original finished or semi-finished products and make them available to designers, retailers and brands to be personalized and branded.

**ODM**-Co-developing products together with designers and manufacturing the resulting creations for them.

### ***"Atelier AKNAS" brand***

- offering franchises to sell and distribute "Atelier AKNAS" finished original product.
- distributing the "Atelier AKNAS" branded lines of products through our stores.

# WHO ARE WE?

The Atelier ("highly specialized workshop" in French) and the office form a tight team. Situated across from one another in the yard they share with the company's founders house, their physical proximity is crucial to the quality of our production, from the first draft to the finished product.

# BEING A RESPONSIBLE MANUFACTURER

## STINGRAY

Stingray leather, also called shagreen or galuchat, is a material half way between the animal and the mineral and which comes from various families of stingrays.

Stingray hides are collected throughout south-east Asia, but they essentially come from Indonesia.

They are the production of a long established, non-industrial, food fishing tradition. What all our hides share is their suppleness, the richness of their color and the finished quality of their beads. These three attributes have allowed us to distinguish ourselves and earned us the honor of working with great leather goods companies and luxury brands.

Our hides come from traceable, responsible sources.

CITES (the Convention on International Trade in Endangered Species of Wild Fauna and Flora, a.k.a. Washington Convention) is a multilateral treaty designed to protect endangered plants & animals and entered into force on July 1, 1975. Its aim is to ensure that international trade in specimens of wild animals and plants does not threaten the survival of the species in the wild, and it accords varying degrees of protection to more than 35,000 species of animals and plants.

## CROCODILE PYTHON

Because it is a moral imperative, a sound sustainable approach to business and the law, AKNAS scrupulously abides by the convention and provides certificates for the two types of skins requiring them: python and crocodile.
